

LAB SESSION REPORT

Work done in Lab Session:

- I learned how to add images to the flutter application both from the net and from the assets folder.
- I Learned About Buttons in Flutter.
 1. Buttons are the graphical control element that **provides a user to trigger an event** such as taking actions, making choices, searching things, and many more. They can be placed anywhere in our UI like dialogs, forms, cards, toolbars, etc.
 2. There are many types of buttons
 - I. Flat Button
 - II. Raised Button
 - III. Floating Button
 - IV. Drop Down Button
 - V. Icon Button
 - VI. Inkwell Button
 - VII. Popup menu Button
 - VIII. Outline Button

Plans for next week:

- Will follow the course and implement Containers, margin in flutter.
